Dear Parents/Carers

Welcome to the Koonung Secondary College community, where we strive to offer a challenging and innovative curriculum that nurtures the academic potential and personal growth of each child. We are committed to fostering student engagement, wellbeing, and a diverse range of programs for all year levels.

Parent voluntary contributions play a crucial role in supplementing government funding and supporting our extended learning programs, specialist staff, equipment, and facility improvements. They directly impact curriculum programs, technology maintenance, and grounds enhancements, which are critical to maintaining and enhancing the College's high standards and meeting the needs of our diverse student body.

To ensure transparency, parent contributions are broken down into different components, each serving a specific purpose:

- The curriculum component supports our participation in School Sport Victoria competitions, enhances our Visual and Performing Arts programs, and enables the delivery of specialised programs such as the Year 9 Live Life Program and the elective programs for Years 9 and 10. Additionally, it supports senior students through career counselling, pathways guidance, tutoring, mentoring, and guest speaker presentations
- The Computer Technical Support contribution ensures the employment of dedicated technology support staff who manage our servers, wireless networks, website, information and communication technology facilities (including the Compass learning management system), and the provision and maintenance of over 1,350 notebooks, tablets, and other devices for students and staff
- The grounds maintenance and improvement contribution has enabled us to undertake significant landscaping projects and replace old fencing with modern and aesthetically pleasing alternatives, enhancing the overall safety and appearance of our College.

Parents can also make tax deductible contributions to our Building or School Library funds. Contributions to our building fund are helping realise exciting projects such as the science and food technology facility upgrade and theatre refurbishment.

It is important to stress that the viability of our innovative programs in 2026 relies on your support through voluntary parent contributions. We understand the financial challenges faced by families, and we want to assure you that all contributions are valued and go directly toward student programs, specialist staff, and facilities that benefit everyone. By working together and contributing what we can, we create a powerful collective impact.

If you have any concerns or questions about payment, our Principal and Business Manager are available for further discussion. On behalf of the College Council, we extend our sincere thanks for your continued support, which plays a vital role in shaping the education and opportunities we provide to our students.

Please see the attached Parent Payment guidelines and policy for full and further details. We deeply appreciate the ongoing support of our families, whether through financial contributions, fundraising efforts, or volunteering time. Your collective contributions make a significant difference to our school and the enriching programs we offer.

Yours sincerely

Refunds

Our College will consider requests for partial or full refunds of payments made by parents on a case by case basis taking into account the individual circumstances. Generally, we will not be able to refund payments made for items purchased or costs that have already been paid where those funds have already been transferred to a third party. For example, camp costs when a child becomes unwell and cannot attend in circumstances where the payment has already been made or committed to a third party and no refund is available to the school. Where possible, we will make this clear to parents at the time of payment.

PARENT PAYMENTS POLICY

ONE PAGE OVERVIEW

FREE INSTRUCTION

- Schools provide students with free instruction and ensure students have free access to all items, activities and services that are used by the school to fulfil the requirements of the Curriculum. This includes the Victorian Curriculum F-10, the Victorian Certificate of Education (VCE) including the VCE Vocational Major and the Victorian Pathways Certificate.
- Schools may invite parents to make a financial contribution to support the school.

PARENT PAYMENT REQUESTS

Schools can request contributions from parents under three categories:

Curriculum Contributions

Voluntary financial contributions for curriculum items and activities which the school deems necessary for students to learn the Curriculum.

Other Contributions

Voluntary financial contributions for non-curriculum items and activities that relate to the school's functions and objectives.

Extra-Curricular Items and Activities

Items and activities that enhance or broaden the schooling experience of students and are above and beyond what the school provides for free to deliver the Curriculum. These are provided on a user-pays basis.

- Schools may also invite parents to supply or purchase educational items to use and own (e.g. textbooks, stationery, digital devices).

FINANCIAL HELP FOR FAMILIES

- Schools put in place financial hardship arrangements to support families who cannot pay for items or activities so that their child doesn't miss out.
- Schools have a nominated parent payment contact person(s) that parents can have a confidential discussion with regarding financial hardship arrangements.

SCHOOL PROCESSES

- Schools must obtain school council approval for their parent payment arrangements and publish all requests and communications for each year level on their school website for transparency.
